Public Notice to Boil Water in Your Area

On August 15, 2025 the Texas Commission on Environmental Quality (TCEQ) has required Gum Springs Water Supply Corp. PWS# 1020081 to issue a Boil Water Notice Due to a 3" Main Water Line Break on Lansing Ln. We are having to issue a Boil Water Notice **IN THESE AREAS ONLY:**

AFFECTED AREA

E JUANITA, N JUANITA, W JUANITA, LAWRENCE, LANSING LN, LANSING LOOP, RED MASON, CHISOM RD, EMILY LN, HALL DR

To ensure destruction of all harmful bacteria and other microbes, water for drinking, cooking, and making ice should be boiled and cooled prior to use. The water should be brought to a vigorous, rolling boil and then boiled for two minutes. In lieu of boiling, you may purchase bottled water or obtain water from some other suitable source.

When it is no longer necessary to boil the water, the water system officials will notify you that the water is safe for consumption. Instructions to discontinue boiling will be issued in the same manner as this notice.

If you have questions concerning this matter, you may contact Derrick Todd at 903-660-3420.

Thank You,
Derrick Todd
